

# **Why does the Town of East Troy want to spend a Quarter Million Dollars on a bike path???**

**With all the hiking and nature trails  
in the area, do we want to  
pay HIGHER TAXES for  
another place to walk and bike?**

**Why doesn't the Town build the trail  
in the Army Lake Park for free?**

**We deserve answers to these questions  
before the "Park Trail" referendum on  
April 6, 2010?**

**Current "Park Trail" estimates range between  
\$91,175 and \$239,075. These estimates include  
taking land by EMINENT DOMAIN from 12 families  
in the Town. These estimates do not include  
operating expenses, maintenance expenses,  
additional construction or any additional legal costs.**

# **COMMON SENSE?**

**WHY IS THE “PARK TRAIL” SO  
IMPORTANT TO A FEW PEOPLE IN  
OUR TOWN GOVERNMENT?**

**Should we allow the Town of East Troy  
to use its powerful resources to take  
land by eminent domain from 12  
families for a walking/biking path?**

**A Town Official has stated that around 1995/1996,  
300 people were selected to receive an opinion survey  
and approximately 50 replied.**

**The Official stated he did not know  
how many of the responders wanted a park trail.**

**The 1996 Wisconsin Blue Book estimated the  
Town of East Troy population to be 3,869.**

**Out of 3,869,  
are 50 responses a sufficient sample  
to warrant partial condemnation of 12 lots?**

**We deserve answers  
to these questions.**
